S U M M A R Y : With a dynamic career spanning a decade, I've flourished as both a seasoned graphic designer and a proficient project manager. Over six years, I've crafted compelling visuals, while four years sandwiched between, I've orchestrated successful web projects with precision and creativity.

PROFICIENCIES

Proficient in the suite of Adobe products including Indesign, Illustrator and Photoshop.

Competent in Adobe XD, Invision and Figma - As well as working knowledge of CSS (Bootstrap), HTML and light JavaScript.

OTHER

Outside of work, one of my main hobbies is disc golf. I'm very involved in the community of the sport in Northeast Ohio. I currently run one league and 2 big tournaments that consist of 72+ players and raises money for the community. This demonstrates my organizational aptitude and ability to bring many details including finding sponsors, ordering and designing player prizes, and working with park directors.

I've also donated my time designing logos and other materials for other events in the area.

GRAPHIC DESIGNER/WEB DESIGNER

The Klingstedt Brothers, Co · Canton, Ohio · 2022 – present

My primary role is to transform clients' ideas into visually appealing printed materials. I work on a variety of projects, including designing brochures, business cards, posters, banners, and packaging. Additionally, I work closely with the print team to ensure my designs are optimized for the printing process, helping to deliver high-quality final products that meet or exceed client expectations.

PROJECT MANAGER

SKYCATCHFIRE · North Canton, Ohio · 2019 – 2022

Organized web development projects, coordinated teams, and communicated with clients to deliver high-quality digital solutions on time and within budget. Worked closely and assisted with the design, development and launch of projects from small to large scale.

GRAPHIC DESIGNER

US Acute Care Solutions · North Canton, OH · 2015 – 2019

As a graphic designer in the marketing department of a US Acute Care Solutions, I developed visually compelling materials to support various marketing initiatives. My responsibilities included designing brochures, flyers, social media graphics, and promotional materials that effectively communicated the company's services and brand message. Additionally, I adhered to brand guidelines and industry regulations to maintain a professional and compliant image.
